

SSA Web Site Content Inventory

The Office of Security and Safety Performance Assurance (SSA) developed this inventory of Web site content as required by Section 207(f)(2) of the E-Government Act of 2002. This inventory is intended to be comprehensive, and to represent Web site content from the Office of Independent Oversight and Performance Assurance (OA) and the Office of Security (SO) within the Office of SSA.

SSA was officially established on April 20, 2004, to better coordinate the roles of independent oversight and the security policy organization within the Department. Information contained on this website is posted as it becomes available or within 24 hours of being finalized and approved. Some inventory items may be listed for informational purposes only and not accessible due to classification level and need to know basis.

To provide comments or suggestions on this inventory, please send an email to:
Tammy.Graybill@hq.doe.gov

Audience: Citizens; Congressional Staff; Other Federal Agencies; Other DOE Organizations; SSA Organizational Staff (applies to all information listed).

Priority:

- (1) Required by law, regulation, Presidential Directive, or other official directive or national security**
- (2) Mission-critical and essential for program operations, but not required by law, regulation, or Presidential Directive (i.e., information services that are directly tied to your mission and/or strategic plan**
- (3) Frequently requested information or services that would improve organization business processes and/or customer service to the public (e.g., most commonly used forms, documents, applications, transactions, etc.)**
- (4) Other information**
